This project was made possible by the generous sponsorship of the following donors:

Denise and Lance Long

Dan and Claire Spence

WHO

Foundation of Social Health

World Health Organization

Global Fund

UNICEF

Every environment is a clean environment. Everyone has the right to the environment. Pesticides are a hazard. Never throw empty pesticide containers into windows or open doors. Never spray near a house with open toilet. Do not pour pesticides down drains. Do not spill pesticides on the ground. Do not allow animals to drink water where pesticides are being sprayed.
