YOUR RIGHTS

I am afraid of being harmed by poison. It helps me to know I have rights to protect my safety.

Separate lockers for dirty and clean overalls.

Adequate sources of water for washing in case of a spill.

Workers should be able to insist their co-workers work safely.

Knowing about the pesticides you work with and how to notice symptoms of poisoning.

Proper training about working with pesticide.

Being warned if pesticide is being sprayed near my home or where I am working.

Correct personal protective equipment.

A facility to wash overalls at the workplace, so that poison soaked overalls are not taken home.
