

# Health Policy and Systems Resources

A resource site for teachers, researchers, students & policy networks to build the field of Health Policy & Systems Analysis

This resource site is managed by:  
The Consortium for Health Policy &  
Systems Analysis in Africa

An adaptation of the website designed by [themediachilli](#)

## Health policy and systems research and analysis capacity needs assessment reports of a consortium of African and European universities

CHEPSAA (the Consortium for Health Policy & Systems Analysis in Africa), launched in 2011, is working to develop the emerging field of health policy and systems research and analysis (HPSR+A) in Africa through harnessing synergies among a consortium of African and European universities. <http://www.hpsa-africa.org/>
